

# Wascomat Super 140 G-Force Washers

**High-speed extraction, solid-mount washers save time, water, and energy.**

Built to last, Wascomat's Super 140 G-Force high-speed extraction washers spin faster and remove more water. This results in less drying time and significant electrical and gas savings. Self-service laundries benefit from a faster throughput — freeing up dryers, folding tables and parking spots — which translates to greater profits. Your customers will appreciate the superior results!

*Available in 20, 25, 30, 40, 55 and 75 lb. capacities. Stainless or white front panels.*

*Compass Control puts you in control of your laundry operations. One knob does it all!*

Wascomat's new Super 140 G-force washers with **Compass Control** continue our tradition of excellence in technology, design and quality:

- Lowest water consumption in the industry.
- Single phase electrical service reduces installation costs.
- Inverter driven motor for smooth operation and high efficiency.
- New soft-grip, slip-lock door handle for safe and trouble-free operation.
- Door unlocks immediately at the end of wash cycle.
- Unique 4-compartment supply dispenser lets the customer conveniently load all laundry supplies before starting the wash.
- Specialty programs easily created in Wash Program Manager.
- Unibody construction eliminates welds for superior strength and durability.
- Interchangeable parts from one machine size to another.

## Features and benefits:

Wascomat's revolutionary new Compass Control puts you in the driver's seat and provides the ultimate in flexibility:

- Customize wash programs to raise efficiency and lower costs.
- Five built-in programs and the capability to easily add or delete programs.
- Display wash program information in two languages simultaneously. 13 languages available.
- Value pricing. Set different prices for different wash programs.
- Heavy Soil and Extra Rinse options increase store revenue and customer satisfaction.

## Dramatically different.

Wascomat washers were first made in 1902. We've installed over a million washers in North America alone. We are renowned for exceptional service and superior products. Parts and technical support are available for virtually every machine ever sold in the United States and Canada through our extensive dealer network. When you buy Wascomat laundry equipment, you are truly investing in the future of your business.

Refer installation and servicing to qualified, licensed personnel. Always read installation and operating manuals and consult local codes before installation. Protect machines with properly rated, common-trip, circuit breakers ONLY. Warranty void if not properly installed. Solid-mount machines require a custom concrete foundation, and are not suitable for upper-floor or above-basement installations. Contact Wascomat for more information and for availability of machines for electric services not listed. Specifications subject to change without notice. Wascomat assumes no responsibility for errors or omissions in this information.

## SUPERIOR WASH CYCLE CONTROL

With our Wash Program Manager software you can easily create custom wash programs on your PC.

### Compass Control

With Compass Control you choose the program set-up that best suits your needs. Modify standard wash programs to find the perfect balance between low water and energy consumption — or create your own programs to meet the specific needs of your market. Multilingual with 13 display languages. Easily program a higher price for hot washes, extra rinse and heavy soil. Program in discount prices for slow periods of the day or week with Wascomat's X-10 option.

Call today for information on the full line of Wascomat washers, dryers, flatwork ironers and low-cost financing and leasing.
