

Wascomat TD45x45 Stack Dryer

It's big. It's bold. It's the big brother to the TD30x30!

Wascomat commercial TD dryers are precision-engineered for energy efficiency, ease of use, and superior drying results. You'll appreciate the fast drying and user-friendly controls. You'll see lower energy consumption and less wear on garments.

*TD45x45 45 lb. stack dryer.
Available Coin, card ready, or OPL.*

Features and benefits:

- 45 lb. capacity each pocket
- Fits through standard 36" door
- 120 volt, single phase for easy installation
- 50% more capacity than the TD30x30 stack
- 31% more available heat power
- 67% more available hot air
- Increase store washing and drying capacity
- Dual controls, meters, and money boxes
- Extra large doors with 27" opening
- Large, easy to clean lint drawers
- Reversing cylinders - optional feature. Garments don't tangle and dry more quickly using less energy.
- White panel standard, stainless optional
- Self-Service laundries: Earn a higher vend price per square foot with the TD45x45 stack dryer. Increase your store profitability!
- In-house laundries: Increase productivity per square foot. Perfect for large items such as comforters, sheets, and more!

Dramatically different.

It's time to talk to Wascomat. With more than 100 years of experience behind every washer and dryer, we are renowned for superior products and exceptional service; our dealers are experts in their field and know how to make your laundry a success; and parts and technical support are available for virtually every machine ever sold in the United States and Canada.

When you buy Wascomat, you are truly investing in the future of your business.

Refer installation and servicing to qualified, licensed personnel. Always read installation and operating manuals and consult local codes before installation. Protect machines with properly rated, inverse-time, common-trip, industrial-type circuit breakers ONLY. Warranty void if not properly installed. Advise when placing order if dryers are for installation at altitudes in excess of 1000 feet above sea level, as this may require a gas-orifice change. Contact Electrolux/Wascomat for more information and availability of machines for electric services not listed. Specifications subject to change without notice. Electrolux/Wascomat assumes no responsibility for errors or omissions in this information.
